HUDSON RIVER VICTIM IDENTIFIED AT LAST, MAN ADMITS MURDER

(By Associated Press.)

New York, Sept. 15—The woman whose dismembered body was found in the Hudson river was identified Sunday as Anna Annadler and Hans Schmidt, who has been acting as rector of St. Joseph's church, is held without bail as her murderer. Police say that he made a confession to them saying he had killed her because he loved her so much and could not let her live without him. Police say, however, he killed her because of her condition.

The head of the New York diocese said Schmidt was a wanderer, who came to them claiming to be a priest. He was 32 and had alleged credentials. He was given no regular charge but occasionally assisted at services.

(By Associated Press.)

New York, Sept. 15.—In the hope of branding as an imposter the pseudo priest, the Rev. Hans Schmidt, the alleged self-confessed slayer of Anna Annadler, victim of New York's river murder mystery, church authorities began today a sweeping investigation of Schmidt's record and his pretention to ordination.

"We hope of course to be able to prove that this monster was an imposter and that he had been using forged papers," declared Monsignor Lavelle, vicar general of the arch diocese of New York. "That is something which we are trying to clear up now. He came to this diocese with credentials which seemed to be genuine. His crime is too horrible to conceive. We can only hope that he may prove to have been a pseudo priest."

To the Rev. L. J. Evers, the police chaplain, Schmidt was said to have said:

"I was directed to kill her by St. Elizabeth, who is my patron as a sacrifice to be consummated, as was the sacrifice of Abraham in the blood."

To the police Schmidt is alleged to have said he killed the girl because he loved her. The police believe, however, that he killed her because she was soon to become a mother.

With the view to solving the mystery of the death of Alma Kellner, whose mutilated body was found in quick lime in the basement of St. John's church in Louisville, Ky., two and a half years ago, the police sought to obtain a statement from Schmidt regarding her death. From August, 1909 to March, 1910 Schmidt was a visitor in Louisville, not officially connected with any church, but was a guest at the home of Rev. Henry Westermann, rector of a church in that city. Alma Kellner disappeared Dec. 8, 1909. Her body was found nine months afterwards. Joseph Wendling, janitor at the church, is now serving a life sentence in prison at Frankfort, Ky., for the crime. Wendling strongly denied his guilt and the jury refused to return a verdict of first degree murder on the testimony given at the trial.

Had No Connection With Kellner Case

(By Associated Press.)

Louisville, Ky., Sept. 15—Investigation here today failed to establish any connection between Rev. Hans Schmidt, held in New York for the murder of Anna Annadler, with the murder in Louisville of 8-year-old Alma Kellner, whose mutilated body was found in the basement of St. John's church, Dec. 8, 1909.

Rev. Schmidt was visiting in Louisville the guest of Rev. H. B. Westermann, pastor of a local church at the time of the Kellner girl's disappearance and the subsequent finding of her body. Members of the Kellner girl's family scouted the idea that he was in any way connected with the girl's murder. The lawyer who defended Joseph Wendling stated he had never heard Schmidt's name mentioned in connection with the Kellner murder and the local police and detectives who investigated the child's death made similar statements.

Had Been Suspended By German Bishop

(By Associated Press.)

Mainz, Germany, Sept. 15—The official says today that Johann Schmidt belonging to the Mainz Diocese has been long under suspension by the bishop. He disappeared from Mainz and later arrived in Munich where he was arrested on a charge of committing frauds, according to the newspaper.

After he had been acquitted by the court on the grounds of weak-mindedness he emmigrated to New York.

The Mainz episcopate was not aware that he was exercising the functions of a priest in New York.

TENEMENT COLLAPSED, EIGHT DEAD

(By Associated Press.)

Crimmy, Germany, Sept. 15—Eight persons were killed and 7 fatally injured here today by the collapse of a tenement house following a gas explosion. Six families were burned in the ruins and it was not known at noon whether there were more victims in the ruins or not.

DESCENDED INTO CRATER OF VESUVIUS

(By Associated Press.)

Naples, Sept., 15.—A depth of 1,200 feet was reported reached by Prof. Malledre and his two companions in their recent descent of the crater of Vesuvius. This constitutes a record for such an enterprise, it is said. The party spent an hour in making scientific experiments on the brink of the funnel at the bottom of the crater, which they were unable to sound to a depth of 200 feet.

The funnel, which is 200 feet in diameter, was created by the sudden subsidence of the old crater floor last month. The explorers found the inside of the funnel to be an enormous fiery cavern. They lost their thermometers, the steel rope on which they were suspended becoming fused by the acids and the terrific heat. However, they had obtained a registered temperature of 626 degrees fahrenheit before the mishap occurred.

OPERATION REFORMED A CRIMINAL

(By Associated Press.)

Trenton, N. J. Sept. 15.—The removal of a growth of bone, one and a half inches thick from the back of the skull, where is had been pressing against the brain, transferred James Szikely, an inmate of the New Jersey state prison, from an insane and vicious convict to a normal one.

Szikely was received at the prison two years ago. He was convicted of killing a Hungarian in a drunken brawl. The doctors diagnosed from the results of a fractured skull. The man failed in health, gradually, and become a maniac, vicious and unable to care for himself.

An operation was performed and since then he has improved rapidly and keeps the attendants busy finding work for him to do about the hospital ward.

Cole Says Mulhall Did Not Tell Truth, He Makes A Denial

(By Associated Press)

Washington, Sept. 15.—Former Representative Ralph D. Cole of the Eighth Ohio district, told the house lobby committee today that Martin M. Mulhall's testimony and correspondence regarding his conduct as a member of the house were so full of half truths and false statements that he would confine his own testimony to a general denial. He denied flatly that Mulhall helped him get his nomination to congress.

"I never received a contribution from the National Association of Manufacturers," said Cole. "Mulhall once came to my office and started to tell me that I had to stop my fight on Speaker Cannon. He never got any further than that. I ordered Mulhall out of the room and told him if he ever returned I would throw him out of the window. That is the way I served the National Association of Manufacturers. It is the first time and the last time I ever talked with anyone from that association about legislation."

Cole said at the time he ordered Mulhall out of his office C. R. Painter of Bowling Green, O., a friend was there and heard it all. He produced an affidavit from Painter to corroborate his testimony.

HE WOULD NOT PAY DUTY ON SUNDAY

(By Associated Press.)

New York, Sept. 15.—Because it was the Lord's Day and his mother had taught him never to trade on the Sabbath, Angus K. Christopherson of Dunfermline, Scotland, declined to pay $2.53 duty yesterday on a strip of woolen cloth. When customs officials boarded the steamer on which he had just arrived from Glasgow asked that he settle.

"My mother taught me never to trade on the Lord's Day," said Christopherson. "I cannot do it. I will not pay out money on the Sabbath. I would rather lose the good wool than enter into financial transactions on this blessed day."

"It's only the duty we ask. It's right for you to pay" said the officer.

"No," said Angus. "I'll abide by my mother's teachings. I'll return tomorrow with silver. There is no luck in Sunday bargains."

Anti-Sulzer Witness Leaves New York

(By Associated Press)

New York, Sept., 15—Frederick Colwell, of Yonkers, regarded as a star witness against Gov. Sulzer at his forthcoming trial on his impeachment charges, has disappeared, according to announcement today by the assembly board of impeachment managers.

"Information in possession of the board is to the effect that Colwell is absenting himself from the jurisdiction at the direct instigation of the governor and for the purpose of avoiding testifying against the governor at his trial," reads a lengthy statement issued on behalf of the board by A. J. Levy, its chairman.

"Colwell can shed much light upon those Wall street transactions. This is well known to Gov. Sulzer. Where is Colwell? Will Sulzer aid in accomplishing his return."

What has been identified as Gov. Sulzer's signature "Wm. Sulzer for Mrs. Sulzer" was under the close scrutiny of a handwriting expert of the assembly board of impeachment managers. The board heard his testimony at a further private examination of witnesses, expected to testify at Sulzer's trial on impeachment charges.

(By Associated Press)

FUGITIVES HARASSED BY BANDITS

(By Associated Press.)

Washington, Sept. 15—One hundred Americans, fugitives in the Mexican territory between Torreon and Saltillo, harassed by bandit bands, according to unconfirmed reports, were not mentioned in the early official dispatches today and the state department had no other information of such treatment. Officials here were inclined to believe the Americans were safe.

Agents of the constitutional movement stoutly maintained that the Americans were in no danger at all and would be protected by constitutionalists against any roving marauding bands. The territory is controlled entirely by the constitutionalists and their agents have been given to understand that the United States looks to them for the protection of the fugitives.

TO RELIEVE AMERICANS

(By Associated Press)

Washington, Sept. 15.—Without reference to a committee the senate today unanimously agreed to the house joint resolution appropriating immediately $100,000 for the relief and transportation of American citizens from Mexico.

(By Associated Press.)

San Francisco, Sept. 15.—According to U. R. Perrish, of Los Angeles, who arrived here today, he has the first "Esperanto Bride."

"Mi Ames vin", is the Universal language phrase for the old, old story, and when Perrish was in Copenhagen recently he murmurred it to a young lady who didn't have to know Esperanto to understand what it was about. Esperanto is now the language of the couple's household.

THAW CASE TO COME UP ON TUESDAY

(By Associated Press)

Colebrook, N. H., Sept. 15.—Harry K. Thaw awaited anxiously today the arrival of United States Marshal E. B. Nute, bearing notice to Sheriff Drew, of Coos county, that the fugitive must be produced on a writ of habeas corpus before Judge Aldrich in the United States district court at Littleton tomorrow morning.

It was said today that Thaw probably would not be taken to Littleton until early tomorrow.

(By Associated Press.)

Montreal, Canada, Sept. 15.—Harry K. Thaw's Canadian lawyers have not given up hope of bringing him back to the Dominion.

N. K. LeFlamme, one of their number, announced in court today that he and his associates still expected to ask the appeal court of Quebec for a decision on the constitutionality of the immigration act invoked when Thaw was hustled across the Canadian border into Vermont. If they succeed in having the law invalidated they would make a formal demand "through the proper channels." La Flamme said, to have Thaw returned to the Dominion.

DESERTED BY HIS WIFE, KILLS HER RELATIVES THEN MAKES ESCAPE

(By Associated Press)

Memphis, Tenn., Sept. 15.—After killing his wife's father, mother and 16 year old brother, D. E. Baxter, 25, telephone lineman, is being sought by the police of this city.

Baxter and his wife have been separated for some time. Early this morning Baxter went to the home of his wife's father, Henry Smith, where Mrs. Baxter had been staying, and opened fire on the family with a shot gun. Smith, his wife, and son Oscar were killed almost instantly but Mrs. Baxter succeeded in eluding her husband and left the house. After the shooting Baxter is said to have reloaded his revolver and walked leisurely away.

Says The Army Is In Fine Condition

(By Associated Press.)

Washington, Sept. 15.—"I don't believe the army was ever in better condition," said Secretary Garrison when he returned to his desk at the war department after an absence of two months visiting all the important military posts outside of New England and in the Middle West.

"If we are going to attract the men we want and raise the efficiency of the army we must have a shorter term of enlistment. I am in favor of a three year term with the privilege of the discharge into the reserve as soon as an enlisted man proves his efficiency."

"I have not decided what the shortest period of service with the colors should be. That will depend entirely upon the individual. I am in favor of discharging men as soon as they earn discharge and as a reward for their hard work."

TO HOLD POLICE COURT ON SUNDAY MORNING

(By Associated Press)

Chicago, Sept., 15.—Court will be called to order every Sunday morning at six o'clock, Municipal Judge John A. Mahoney announced today. This innovation in administrating justice is inspired by the filthy conditions in the cell rooms at the South Clark street police station where Judge Mahoney is assigned. It will relieve the Saturday night prisoners of the horror of spending more than a few hours in a jail which has been generally condemned.

On the past two Sundays Judge Mahoney visited the station and released 56 prisoners on their honor. The success of the experiment so pleased him that he worked out a plan for holding sessions on the Sabbath.

"In minor cases where reprimands are sufficient, young and first offenders will be discharged," said the judge in explaining his idea. "Where the offenses are serious and the defendants have police records their hearings will be continued until the following day. The twin objects of the court will be to save worthy men the loss of their jobs for failure to appear at work on time Monday morning and to prevent young men from being held in cells and thrown in association with criminals. There is a great public need for seeing that young and worthy men are arrested for some trivial action.

BILLY BUTT-IN TIMES WEATHER MAN

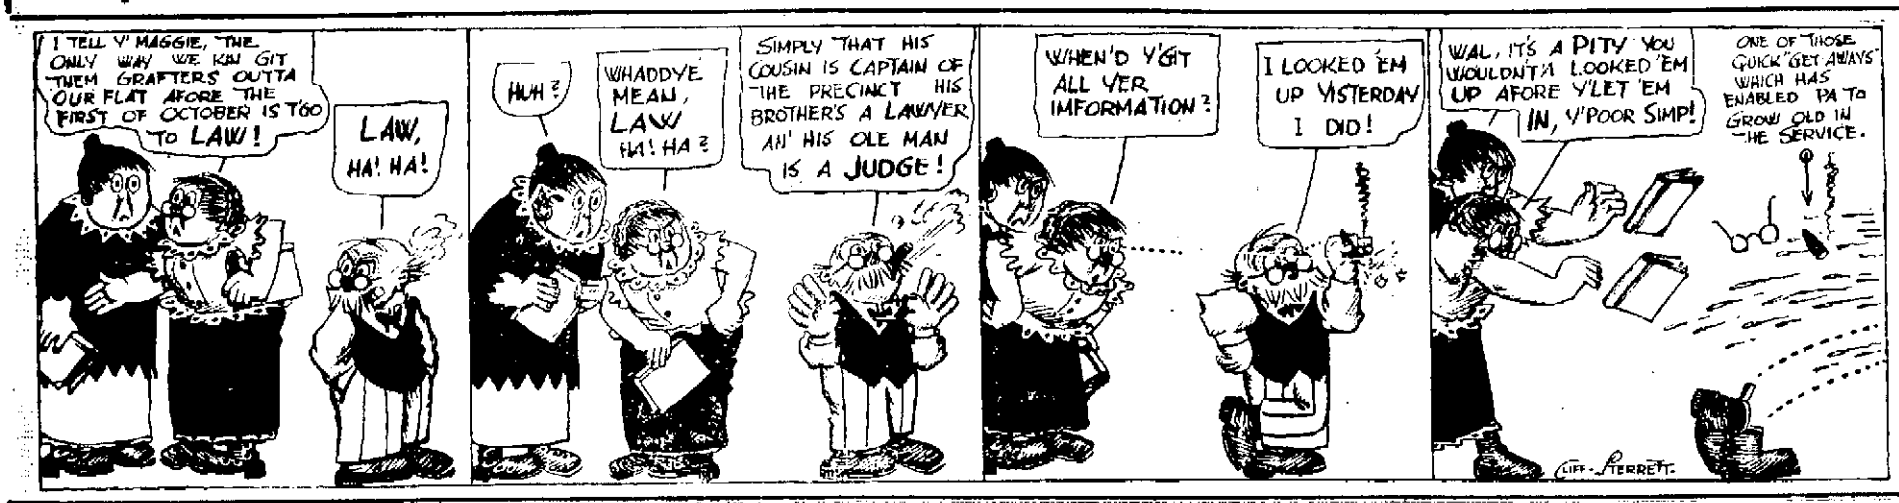

Th' chap who, a thousand years or so ago, took occasion t' remark that "time flies" had a hunch that was just about th' right dope. I don't know what moved th' fellow t' make that remark but what's inspirin' me t' comment on it is th' fact that this has been th' shortest baseball season I ever saw. Shucks it don't seem more'n a few weeks' since th' openin' on' here it's almost time t' ring down th' curtain. If Teddy was still president I'd appeal t' him t' do somethin' t' slow things up a bit but as it is I'll have t' stand it. Here's for tomorrow:

Good Lecture Course For The High School

After having come to the conclusion that all that was needed to round house Portsmouth "Second to none High School" was the acquisitin of a lecture course that would be of an instructive and educational nature in addition to being entertaining, officials of the High School came forward Monday with the announcement that a lecture course had been arranged.

In fact the various numbers have been contracted for, for sometime but their names were withheld pending the approval of the faculty's plans by the school board. At their meeting last Friday the board unanimously endorsed the lecture course proposition and now it is up to the faculty to see that the public is properly enlightened and instructed as to the merits of the various numbers and the purpose of arranging the course. It will be the means of bringing some high class talent to the city and the efforts of the faculty will no doubt be rewarded with splendid patronage. The course ticket will sell for $1 and a single admission will be fifty cents.

The opening number will be a lecture by Senator Robert M. Lafollette. He is so well known that he is sure to be greeted by a magnificent audience. He is prominent in the National affairs of our country and will deliver an address along the national lines that should sustain his enivinble reputation as a platform orator.

He will be followed by the Boston Octette, eight artists in their line. Then Ross Crane, a cartoonist of much eminence and a clay molder of renown will fill an engagement.

The Oxford Company, a musical organization will be the fourth number. It is a splendidly balanced singing organization and among its members is Miss Coburn who made such a favorable impression at the High School last year.

Sylvester Long, of Dayton will be the fifth number. He is a great orator and is popular wherever he goes.

The sixth and last number will be Miss Margaret Stahl, a reciter and reader of much brilliance.

The promoters feel confident that their efforts to give the public a splendid lecture course will be the means of packing the High School auditorium at each number. It can be seen that the promoters are giving the public six attractions for $1 instead of five. As the Auditorium has a seating capacity of more than 1,000 the various numbers are sure to be liberally patronized. It is a splendid move on the part of the faculty and Prof J. D. Creveling giving this feature of High School life his special attention. He s the purveyor of publicity and will see that each attracton is properly billed, boomed and boosted.

FEATURE AT SCENIC

The program for the Scenic theatre this evening will be found one of the best.

"Tamandra The Gypsy" is a Lubin two reel subject that will please and entertain you. Miss Ormi Hawley is especially fine in her emotional role as the Gypsy Tamandra. The photography is beautiful and the picture is well acted throughout.

"Rounding Up The Counterfeiters", one of Kalem's best subjects, is a gripping detective story, full of beautiful situations, full of action and superb climaxes. The picture ends up in the right way, everybody pleased.

Beware Of Counterfeits

Washington, Sept. 15.—There seems to be an epidemic of counterfeiting and the United States secret service has redoubled its efforts to catch the offenders. On the heels of an announcement only a few days ago of the discovery of three new counterfeit national bank notes, Acting Chief W. H. Moran today warned the public of new counterfeit five dollar United States notes. It is a poor photographic reproduction on paper of fair quality.

Charles N. Horr is home after a few days business trip through Indiana and points in Ohio.

SAYS HEWITT, THE HERMIT, WAS ROUGH, PROFANE MAN, AND HATED ALL MANKIND

The Chillicothe News-Advertiser publishes a card from a Chillicothe resident in which he says there were some errors in the article on the Hewitt Hermit's cave and monument recently published in the Times. The Chillicothe man says:

"Editor News-Advertiser:—In the article published in your paper yesterday, taken from a Portsmouth paper, several inaccuries appear, in the history of William Hewitt, the Hermit. The monument was not erected by Mr. Emmitt, but pas put up by Mr. Felix Renick, president of the Logan Pioneer society of Ross county, at the expense of the society. Instead of the Hermitt being a man of education and surrounded by books, he was a pioneer backwoodsman with only his rifle and a faithful dog as companions. He was of a reserved nature, hiding from mankind, but faithful to any who befriended him. His early history was a mystery, as he never spoke of it, and if questioned on the subject, became very angry and refused to talk.

He lived solitary and alone until the surveyors who were laying out the route for the Waverly turn pike passed his cave. He heard their voices, hid himself in the bushes and then followed them to the settlement of Chillicothe.

This was the first knowledge of any white man being in this part of the country.

After this he often came to Chillicothe to trade.

James Emmitt made his acquaintance in the early thirties, as he was teaming through the country, and their friendship lasted until the death of Hewitt. This did not occur in his cave, as reported, but he was found sick by a party who visited his cave, and was removed to Waverly where he died.

A great deal of mystery and romance has been thrown around this character, but the facts are that he was a rough, profane man of the pioneer school, who probably fleeing from justice, lived in the woods alone in squalor and filth, hating mankind and was buried at the expense of the township. He was buried at Waverly, but the remains were exhumed and re-interred in the cave, which was walled up and the monument erected in 1845.

Think Have Negro Who Shot Tannar

Williamson, W. Va., Sept. 15.—The coils have been tightening about James Stokes, the Negro suspect, charged with shooting H. C. Tannar, an employe of the Norfolk and Western, in the local yeards here Tuesday night. As a part of the alibi set up by Stokes he claimed that he had mailed on Thursday to I. Streckler, local tailor, a money order for $2, but the records show that the transaction took place on Monday.

Charles Pearis, colored brakeman, who was on No. 92 Wednesday, told Mayor Pinson what he knew about the affair, and his story advances a new theory of the shooting, tending to show that vengeance, rather than robbery, was the motive. Pearis says that a colored man who handled the Matewan shifter Tuesday evening, was put off by the crew and became highly incensed. Pearis thinks that this Negro, seeking revenge, sought to kill the brakeman, mistaking Tannar for him in the darkness.

Word was received yesterday from Tannar's mother who lives at Saluda, N. C., that she was too ill to make the trip. It is quite likely that Tannar may live for several months, but there is absolutely no hope for his recovery and he will be a hopeless invalid.

His uncle, R. Wilson, is night clerk in the yard commisary of the railroad company, and Tanar worked in the same capacity on the day shift.

Two Negroes, giving the names of J. R. Foster and Daniel Redmon, are held at Bluefield under susicion that they know something of the murder. They will be brought to Williamson.

BIBLE LESSON ON THE TEN COMMANDMENTS

(Contributed)

It was a great session of the Men's Big Bible class at Trinity Sunday—something doing all the time and interest in the lesson increase all through the session. The lesson was on the Ten Commandments, and the subject, "Are we living under the Ten Commandments now, or are we not?" There seemed a wide diversity if opinion and splendid talks were made by many members of the class, among them being those of Prof. Frank Appel, Attorney Mark Crawford, W. W. Donaldson, R. Marshall White, Prof. C. C. Bridwell, E. C. Hood, John McMillan and others, but the big address—the one that held the crowd, was made, of course, by the able teacher, Prof. J. H. Finney, and it was unusually good. Prof. Finney never arises to talk but what he says something to help and inspire his fellows.

The attendance at the session was 161—still gaining on that average things. It is probable that a campaign will be made soon, although the powers that be have given out nothing official.

Next Sunday there will be a special musical program before the session. Let every member be there.

WILL COME TO PORTSMOUTH TO GET OVER HER "MAD" SPELL

Ironton, O., Sept. 15—The troubles of Harry E. Smith, the N. & W. tower man, and his wife, Geraldine Gardner Smith entered upon the beginning of the end Saturday, when both parties appeared in Squire Hannon's court and Mrs. Smith asked that the warrant against her husband be withdrawn and her request was granted, Smith paying the costs in the case.

It seems that the attorneys for Smith and his wife got together and settled the case bringing the two young people together again. Both Smith and his wife left the court together but they will not live together for some time again, at least.

Mrs. Smith will go to Portsmouth for about six weeks and then, it was stated, maybe she will return and live with her young husband again.

McMahon Will Have Good Football Team

Interest in baseball will soon fall the curtain dropping on it around the Smoke House, and the thoughts of sport drifting toward Football. Manager George McMahon expects to put a strong team in the field this season. He has already secured the consent of coach huskies to insure a powerful machine. Last season the team was almost unbeatable, despite the fact that it was not taken seriously and very little scrimmage and practice was engaged in.

Medals For Flood Heroes

Columbus, O., Sept. 15.—Gold medals for John A. Bell and Thomas Green, telephone employes, whose services during the flood of March won for them recognition and resulted in the legislature making an appropriation of $100 to buy suitable medals for their faithful work have been received at the state house. They will be presented to the two men by Governor Cox.

Herbert Kellison, of Springborough, Ohio, is the guest of J. C. Mercer, of the Hilltop.

Dam Work Is Inspected

Cincinnati, O., Sept. 15.—Col. Henry Jervey and Captain R. R. Jones of Cincinnati District No. 1, Corps of Engineers, U. S. A., returned yesterday from an inspection of Lock No. 25. Colonel Jervey stated that before the end of the present season one half of the navigable pass would be completed by the end of the next season. It is located near Huntington, W. Va.

Arson Charged As Result Of Probe

Cincinnati, O., Sept. 15—While Deputy State Fire Marshals McGinn and Sweeney were in Clermont county yesterday investigating a supposed case of arson, they were informed of another case, which will result in several prosecutions. The two fire marshals were informed by a woman resident of Clermont county that a barn in her neighborhood had been fired and $300 insurance collected from the Germania Fire Insurance Company of New York City.

McGinn and Sweeney detained Albert Pilser, 20, and took him before Prosecuting Attorney Speidel, at Batavia. There Pilser confessed that he had set fire to a barn and said he had recived $10 from George W. Carter, proprietor of the Lanham Hotel at Williamsburg, Ohio. It is claimed that Pilser and Carter were frequently seen in one another's company. Deputy Marshal Sweeney swore to an affidavit before Magistrate Lease at Batavia, charging Carter with arson. Sheriff Williams went to Williamsburg, where he arrested Carter and took him to Batavia. The case was continued until September 18, and Carter was released on a $2,000 bond.

RIVER NEWS

The Ohio was 3.2 ft. and falling here Monday morning. According to rivermen a steady rain of three or four days will be necessary to furnish a stage for the general navigation of coal boats and packets. The river was so low Sunday that Capt. Harry Donnally abandoned the advertised trips to the government dam with his big launch, Harriet D. Then, too, the weather was too cold for pleasure riding.

It is said that Mrs. Sallee will make her future home in Covington.

Police received a message from the Circleville authorities Sunday asking them to locate and arrest Sheridan Helton, a Kentuckian. He is wanted for alleged stealing ten dollars from a man for whom he had been working at Circleville.

Will Follow Circuit.

Jake Hetzel has not heard any word from his horse Mack Jay for the past week and it is not believed that he started in the races at Wheeling, W. Va. The trotter will now follow the grand circuit with the meeting at Columbus this week. Trainer Clark has him in charge.

Train Delayed.

C. & O. passenger train No. 6 due here from Cincinnati at 9:32 p. m. did not reach South Portsmouth until after one o'clock on Monday morning due to an engine derailment at Augusta, Ky. It was necessary to send to Covington, Ky., after another engine and the wreck train.

Flood Defense

Cincinnati, O., Sept. 15—A meeting of the Special Board of Government Engineers, appointed last April by Secretary of War Garrison to investigate flood conditions in the Ohio Valley, will be held at Columbus today. The principal matter to be taken up at this meeting is the consideration of plans which have been prepared by Consulting Engineer Alvord, of Chicago, for the relief of Columbus and vicinity. If the plans meet with the board's approval they will be sent on to Washington for the approval of the War Department.

The special board is composed of Colonel F. R. Shunk, of Pittsburg; Colonel Henry Jervey, Cincinnati; Major John C. Oakes, Louisville; Major Altsaetter, Wheeling; Major Louis H. Rand, Cincinnati, and Captain Harold C. Fiske, of Pittsburgh.

Threw Brick Through Door

Silas Scott created quite a commotion in Pig Tail alley, Saturday night by throwing a brick through the panel door of Bello Trailor's home. Scott was later located at Jim George's house by Officer Martin and was locked up.

Football Gossip

Until the regular squad is selected, the Portsmouth high school football craft will drift along during the scrimmage season captainless. There are only three of the regulars of last year left—Graham Revare, Collins Allen and Joseph Jones. These lads are too modest—yes, by far too modest, to choose a captain among themselves, so they are going to wait until the squad is chosen and let it pick out a leader.

A strong schedule of games is being booked in the meantime.

Slattery Endorsed.

Cincinnati, O., Sept. 15—It became rumored in Covington yesterday that T. D. Slattery, well-known attorney at Maysville, Ky., has the indorsement of Senator Ollie James for appointment as United States district attorney for the Eastern district of Kentucky.

Kicked By Mule.

New York, Sept. 15—As the result of tickling a mule with a straw, Paul Porcare, aged 5, had his face disfigured for life when the animal objected.

THE TEST THAT TELLS

Is The Test Of Time. Many Portsmouth People Have Made This Test.

Years ago this Portsmouth citizen told in a public statement the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can Portsmouth readers demand more convincing proof? It's Portsmouth testimony—it may be investigated.

Mrs. James Billian, 309 East Sixth street, Portsmouth, Ohio, says: "Doan's Kidney Pills made a wonderful cure of kidney weakness and bed-wetting, which had annoyed one of the children for several years. There was no control over the action of the kidneys, and although we tried several physicians and different medicines there was no relief until we got Doan's Kidney Pills at Fisher & Streich's Drug Store."

A SECOND STATEMENT

Several years later Mrs. Billian said: "Since the good results obtained from Doan's Kidney Pills by our child, I have used them myself for weakness in my back. I never had anything do me so much good. I am always glad to recommend Doan's Kidney Pills."

MULE IS COMON CARRIER

Louisville, Ky., Sept. 15—That a mule is a "common carrier" in the same sense as the greatest railroad was the decision of the Franklin circuit court in the suit of A. C. Byers against a specialty company.

Byers held an accident policy, insuring him while riding on a "common carrier." He was riding a mule over a Kentucky mountain road where mules are the regular medium of transportation, when he was thrown off and injured.

Some business houses have been known to spend a large sum of money to create a favorable impression,

And then sweep this impression away by using stationery utterly unworthy of the prestige they originally had. How foolish.

Old Council Tree Bond by its rich, simple elegance and air of substantiality adds dignity and tone to the business house that uses it. That its use can be an important factor in adding to your prestige goes without saying.

Alleged Confession Has Been Denied

The grand jury, which is to consider evidence regarding the killing of Basil Kitts, at Fullerton, began its session at Greenup, Ky., Monday, and is not likely to report before Thursday.

Capt. William Bay, of Ironton, Monday branded as absolutely false an alleged confession printed in a morning paper, in which he admitted the shooting. Capt. Bay said he did not know who did the shooting, but will contend that whoever did it was justified in protecting lives that were in jeopardy when Kitts and companions stoned the packet Bay Queen after having been ejected from the boat.

Contract Let For New Bridge Piers

Contract for the construction of the piers for the new Scioto bridge was awarded to a local firm, Curtis & Shumway, Monday afternoon by the board of county commissioners. The sub-structure of the bridge is to cost $124,200, the successful firm being the lowest of four bidding firms.

The piers are to be constructed of concrete. The condition of the contract calls for their completion in ten months, and work will be commenced at once on them. Four months after the completion of the sub-structure the superstruction is to be completed by the Mt. Vernon Bridge Company at a cost of $166,000. With these two figures the cost of the bridge will range in the neighborhood of $290,200. Scioto county ought to have a real bridge for this money.

The bidders on the sub-structure were:

Cleary White Construction Co. $215,000.

Hager & Genge Co., $155,138.

Curtis & Shumway, concrete, $128,000.

E. G. Nave Bros. Co., stone, $175,000.

Alleged Gambling Will Be Probed

Gambling in the city and county is to be probed into by the grand jury, which went into session Monday afternoon. Common pleas Judge Thomas from the bench in a general charge cautioned the jurors to investigate any complaint of gambling that might come to their ears.

One hundred and thirty-two witnesses have been subpoenaed to appear before the body before it completes its session. There is a possibility that a number of other witnesses will have to appear. One murder case, that of the Blevinses growing out of the shooting on Brushy Fork is to come before the grand jury. Three of the Blevinses are in jail awaiting the action of the body.

The following jurors convened Monday afternoon and went into what promises to be a lengthy session:

Clarence A. Bayless, Herman Herms, Harry Vaughters, J. W. Mitchell, Frank Puckett, Loy Hazelbaker, William Elliott, Jos. Doll, Jas. D. Ellison, Ora E. Foster, John Jones, A. J. Finney, Frank Thompson, Fred Baker, Jacob Fritz, John Warhelt.

BACKACHE IS A DANGER SIGNAL

Kidney Troubles, Bladder Disorders, Rheumatism, and Serious Diseases Follow.

There are other symptoms, such as pains in the region of the kidneys, nervousness, dizziness, tired and worn out feeling, weak bladder, or urinary troubles, which are just as dangerous, for the slightest kidney derangement if neglected may develop into the deadly Bright's disease, dropsy or diabetes.

It is not only dangerous, but useless for you to suffer and endure the torture of these troubles, for Croxone promptly ends all such misery.

There is no more effective remedy for kidney, bladder trouble and rheumatism, than Croxone, because it reaches the cause. It soaks right into the kidneys, through the walls and linings; cleans out the clogged up pores, neutralizes and dissolves the poisonous uric acid and waste matter that lodge in the joints and muscles and cause those terrible rheumatic pains, and makes the kidneys filter the poison from the blood and drives it out of the system.

Three doses of Croxone a day for a few days is often all that is ever needed to relieve the worst backache or overcome disagreeable urinary disorders.

You will find Croxone different from other remedies. It is so prepared that it is practically impossible to take it without results. An original package of Croxone costs but a trifle, and all druggists are authorized to return the purchase price if it should fail in a single case.

Mrs. Charles Wallace of Ninth street entertained with a 12 o'clock dinner Sunday in honor of Mrs. Thomas Smith of Pittsburgh, Pa. About 25 guests were present. A most enjoyable time was had by all present.

Class Of 160 Taken In By Local Moose

Sunday proved to be a banner day for the Loyal Order of Moose as they admitted one of the largest classes in the history of local fraternal affairs. There were 160 candidates in the class. The degree work was put on faultlessly by the Huntington team and the ritual work was staged in Richardson's hall, Fifth and Chillicothe streets.

Prior to this feature of the day's festivities the Moosers headed by the River City band paraded from their club rooms in the Haldeman building on Gallia street to the Washington hotel and returned. Under the auspices of the Moosers the carnival band rendered a concert in Tracy Park last night. It was the first time in many years that the little band stand was flooded with light.

After the initiatory work Geo. H. Hamilton, national lecturer of the order, made a ringing speech of the object and aims of the organization. He is a fine orator and commanded great attention. Mr. Hamilton read an original poem on Secretary Biddy Beers, which was localized. It made a big hit. The signed application of 42 candidates were read Sunday at the meeting and Moosism in Portsmouth is growing by the proverbial leaps and bounds. Hereafter all ritual work will take place in the Wilhelmette hall, it having been leased for these events by the order. In the near future a class of 100 candidates will be admitted. Yesterday's record-breaking class included many of the city's best known business men. David Anderson, salesman for the National Biscuit Company, is dictator of the order and Biddy Beers is its secretary.

Mr. Hamilton before returning to Washington, D. C., stated that Sunday's meeting was one of the most enthusiastic he had ever attended.

WILL OPEN MISSION SUNDAY

Announcement was made Sunday that the mission to be given by the Dominican fathers will begin at Holy Redeemer church Sunday, September 21st, and continue for two weeks.

The first week will be exclusively for women and the second for men. The services are open to all, and members of other denominations, nonbelievers and all will be welcome. The seats are free and except at the two Sunday morning Masses, there will be no collections. Ushers will show each attendant the best seat available.

A mission in a Catholic church is in a way similar to the revival in Protestant churches, though in the former no sensational methods are ever resorted to. The order which will conduct this mission was founded by St. Dominic, himself a famous missionary, and its methods, founded on centuries of study and experience, are conceived to produce the best results. Its disciples are learned and able and usually superior platform orators.

COLORS FOR KARNIVAL

Director of Public Service John M. Williams has agreed that all booths for the Korn Karnival shall be six ft wide, 3ft on the sidewalk and 3ft. on the street. White yellow and Nile green have been decided upon as the official colors.

PEST HOUSE IS PLANNED

Tentative plans for the erection of a pest house to be built north of the city were submitted to the board of health at its meeting Monday afternoon. The committee named to look after the erection of a pest house is composed of Capt. James Smith, P. H. Harsha and S. P. Fetter.

Dr. S. P. Fetter was elected president pro tem of the board and John Berndt was re-elected secretary.

WAS ON THE TRAIN THAT WAS WRECKED

William E. Clayton was on C. &O. passenger train No. 6 which was wrecked near Augusta, Ky., Sunday night ad was laid out four hours. Mr. Clayton says the entire train had a remarkably close call from being derailed as when the accident took place the train was traveling at the rate of 40 miles an hour. The rear trucks of the engine tender left the rails, which caused the trouble. Mr. Clayton was in Cincinnati to look over an automobile, which he has decided to buy.

CARNIVAL COMPANY IS HERE, LOOKS GOOD

The Smith Greater Shows arrived from Glouster, O., Sunday in eleven cars of their own and Monday was given over to pitching tents on the old mill lot in the West End.

The appearance of the equipment and the deportment of the people with the shows bear out everything that has been said of them in advance and it looks as though the Moose made a ten strike in securing them for their carnival which will open tonight and continue for the remainder of the week.

Husband Looking For Runaway Wife

Much sympathy was excited at the city buildings Monday by the plight of John Parsons, a Matewan Sunday night on a hunt of his missing wife and 18 months old baby son.

Parsons appeared greatly wrought up over his failure to find any trace of the missing ones and seemed particularly concerned about the baby. He said they disappeared September 1st. His wife had expressed a desire to visit a grandfather in Freeman, Missouri.

He told her that under existing circumstances he could not afford to defray the expense of such a long trip. He went to his work as usual and when he returned home found she had flown, taking with her their child and what money he had in the house, $4. He spent $45 in running down clues to their whereabouts and finally traced her to Portsmouth.

He said they had never had the slightest trouble. If she persisted in leaving him he said he would not object but wanted his boy, to whom he is deeply attached.

City officials recalled that a woman and child from Matewan had applied for transportation to Cincinnati, but an examination of the records showed none was given her and it is thought she may still be in the city.

Mrs. Thomas Smith of Pittsburgh, Pa., and two children, Clement and Marie are visiting her sister, Mrs. Oscar Wallace of Ninth street.

MERRY THOUGHT RINGS.

Surely a more appropriate and happier idea than the merry thought napkin ring could not be imagined.

But it has its limitations, for never must it be broken, in order to follow out the old superstition of extorting the granting of a wish from Fortune.

The ring is made of silver, and perched on the merry thought is a silver gilt grouse, while a dog, hot on the scent, is the decoration of another.

The silver gilt grouse appears as a menu holder, with a slit cut down the middle of the back to hold the card, and there are also dogs, horses, stags and other objects which answer the same purpose. They are very pretty little ornaments, standing an inch or so high.

The grouse is obtainable also as a desk seal or paper weight, so that as well as eating it, it can be looked on as an ornament.

HANDSOME PICTURE OF 2ND NATIONAL BANK

The first national bank was merely a deposit in a stocking, but this year fashion has made an improvement. Moving slowly and conservatively as is the wont of fashion, it has at last recognized the existence of the First National bank, and has now endeavored to make improvements. Therefore a purse which milady may fasten about her knee has been introduced. Perhaps the fact that gowns designated for the winter do not contain pockets has something to do with the case.

The modern maid must do a deal of tipping, in the course of an evening, for life is more complicated than it used to be, and the open hand is everywhere, suggesting, if not demanding, remuneration for little services performed.

There is the maid, for instance, in the restaurant dressing room, who fetches a bit of powder for one's nose; the attendant in the cloak window who expects a trifling fee; the usher, who for a consideration will sometimes slip one into a slightly better seat; the attendant in the women's cloak room at the theater, who, between the acts, is kind enough to find matches for feminine cigarettes. Forty or fifty cents, in ten-cent pieces, may easily be dispersed by a woman spending the evening at a restaurant theater, and restaurant again for supper. There are no pockets in evening gowns—the bodices are too transparent and the skirts too soft and clinging, and a pocket anywhere would completely spoil the effect; so coin for tipping is carried in the cleverest little purse imaginable—made of filigree silver and attached garter fashion, to the knee.

In this petticoatless era it is the work of a moment to raise the softly draped gown and extract ten cents from the silver purse at one's knee.

DELEGATES NAMED

After the morning services at the German Evangelical church Sunday, a congregational meeting was held and W. E. Cook was chosen to represent the church at the General Evangelical Conference, which will be held in Louisville, beginning September 23. William Hazelbeck was chosen as alternate. He will attend the meeting and will represent the Federation of Evangelical Brotherhoods.

Musicians Are Busy

The Musicians Union spent a busy afternoon Sunday making assignments for orchestra jobs at the various fall openings to be held in local stores this week.

61 WANT LICENSES

The Scioto County Licensing Board at its meeting Monday, received the filed applications for licenses of the following saloonkeepers:

Joseph E. Baer, Washington hotel; George C. Hehl, 512 Second street; Carl Ferguson, 1111 Thirteenth street; Jacob Finck, 420 Chillicothe street.

Today was the last day on which applications could be filed. Any saloonist, who failed to meet the requirement of the law will not be eligible to continue in business. According to Judge Sikes of the board, three liquor dealers failed to show up and it looks as if they are going out of business.

Before closing their office Monday afternoon the Scioto County Licensing Board also received the filed applications of the following liquor dealers: Nathaniel Bradney, The Portsmouth Liquor Company and A. W. Duty, of 742 and 744 Fourth street.

HOUSEHOLD HELPS WORTH REMEMBERING

ECONOMY is the motto of the wise housewife, and any device which enables her to save is greeted with enthusiasm. A recent invention for the saving of ice will meet with her approval.

This invention is an ice blanket of a heavy sort of paper made of a vegetable fibre. When placed over the lump of ice it prevents it from melting quickly and aids greatly in refrigeration. These blankets are indissoluble in water and are sanitary in every way. They only cost a few cents and will be found to more than pay for themselves in the very noticeable difference in the ice bill.

FOR JELLY GLASSES.

Circular bits of this fibre paper take the place of paraffine for the tops of jelly glasses, and any housekeeper will see immediately what wonderful time and labor savers these little jelly papers are. There's a large size that comes for use on the bottom of the cake pan that will be found to be a big improvement on the ordinary bit of oiled paper.

Many housekeepers are prone to neglect the service of hors d'oeuvre, those little table delicacies which are so appreciated at the beginning of a dinner.

We help ourselves to them liberally at restaurants, but presumably we regard them as too complicated for home cooks to prepare. This is a great mistake, as hors d'oeuvre are simple, inexpensive relishes which can as easily be arranged at home as elsewhere.

In France the sardine is inevitable. It appears on the table of the rich with other varieties of delicacies, and it reigns as the only hors d'oeuvre at the humble board. In Germany potato salad is a popular relish, and so are red cabbage, prepared in delicious fashion, and certain mysterious fishy dainties.

But it is in Russia that the hors d'oeuvre flourish in most numerous and luscious varieties.

One traveler upon going to a luncheon in Russia mistook the hors d'oeuvre for the entire meal.

She had only just arrived, and, of course, was new to the habits and customs of the country, having no idea what a formidable repast a fashionable luncheon could be.

She was given a small glass of ... "aperitif" first, then she was led into the dining room, where the sideboard was heaped with delicacies and a pile of plates and forks and knives.

She served herself as if she were breakfasting at a country house, and there were many luscious dainties. They were pleasing to look at as well, for they combined all the colors of the rainbow in their tints.

A LARGE REPAST.

Every conceivable kind of salad, pickle and small fish was in evidence, besides caviare, eggs disguised out of all resemblance to themselves, and wonderful dainties that melted in the mouth.

The guest ate her share of these things and imagine her surprise when every one sat down at table afterwards and began a long luncheon.

She had finished her meal!

The American housewife is very fond of serving fruit as an hors d'oeuvre.

She cuts a grape fruit in half, ... out the centre and the seeds, and fills up the hole with maraschino or rum and sugar, which penetrates the fruit, giving a delicious flavor.

Then she loosens the pulp from the skin so that it can be eaten with a spoon, and she serves the fruit very cold.

Watermelon pulp cut in ball shapes with a vegetable scoop and placed in glasses with sherry poured over them makes another delicious hors d'oeuvre.

If you wish to serve the ordinary hors d'oeuvre of the restaurant at home you must first possess yourself of one of those flat partitioned dishes. Four divisions are sufficient, and plain white china is most satisfactory, especially if you have your relishes in color schemes.

In one partition you can put the sardines, anchovies, filleted herring or prawns, in another olives, either the ripe, fresh ones, the large pickled ones or the little ones stuffed with pimentoes.

And, by the way, don't think any of these delicacies are expensive. Simply prowl round some of the shops in the foreign quarter and you will find you can get these and other dainties at prices quite within the housekeeping money.

Useful Gifts That Last

So many pieces of jewelry are made simply to sell and give a passing pleasure. While that may be all right for those who can afford it, it is better to give presents that last long and are at the same time useful. At this store we have studied this matter carefully and have stocked a line of presents that are not only useful but last a life-time.

Come today and let us show you.

FRED POTTS IN THE CITY

Fred Potts, practitioner at the bar in Cleveland, Cuyahoga county, in winter, and a ball player in summer, passed through the city Monday enroute home. He was formerly a member of the Chillicothe Babes and Portsmouth Champs baseball teams, enacting the roll of gardener, generally in the sun belt. All season he played with Cleveland in the federal League, the team winding up the season at St. Louis.

Potts couldn't resist the temptation to take a dip into the environs of Portsmouth. He also stopped off in Chillie. He has a number of friends here who were pleased to slip him the glad hand again.

SAM'S MONEY CAME BACK

Two women, giving the names of Kate Brown and Ethel Green, and claiming to be from Williamson, W. Va., were guests at the home of Mrs. Belle Powell, in the North End, the latter part of last week. Friday night Sam Johnson, a brother of Mrs. Powell, claimed he was robbed of $17, and he accused the Brown woman. She denied it and Sam complained to the police. Then his money came back mysteriously and Miss Brown flitted even more mysteriously. She is said to have gone East on No. 4.

Wheatley Cropper Is Now A Benedict

The many friends of Wheatley Cropper, foreman of the finishing room at the Excelsior Shoe Co., and Miss Mary Patton, employed in the fitting room at the Selby Shoe Co., will no doubt be surprised to learn that for the past month they have been man and wife, their marriage having been solemnized before a magistrate at Newport, Ky., on August 16.

The happy couple guarded their secret so faithfully and well that their marriage has not even been suspected or hinted at. The fact that they decided on Monday to go to light housekeeping on Gallia street led them to announce the news of their wedding.

Mr. Cropper has for the past several years been employed at the Excelsior Shoe Co., being one of the best skilled shoemakers of the city. He has a host of friends here, who will now rush forward with their congratulations. His pretty bride is also quite popular with her acquaintances. She is held in the highest esteem by all who know her.

The Times, together with the friends of the young couple, extend congratulations. May their future lives be happy and may no cloud ever mar to light housekeeping on Gallia the sunshine.

Mr. Barron Sells Ye Old Mill Place

A change in the ownership of Ye Old Mill Cafe, located on West Second street, was announced Monday. N. J. Bradley closed a deal whereby the business was turned over to him by William Barron. For the past year Mr. Bradley had been employed by Mr. Barron, who is going back on the road for the Brunswick-Balke Collender Company. He will make his headquarters here and expects to spend fifteen days of each month in Portsmouth. His territory extends as far east as Bluefield. Mr. Barron was for ten years employed by this company previous to locating in the River City.

Births.

A baby girl was born to Mr. and Mrs. Harry Kiff, at their home back of Scioto ville Saturday night. The mother was formerly Miss Mabel Pyles, of Rugless, Ky.

When Pearl Vanhorn, a local shoe worker, returned to his home in Sciotoville, Friday afternoon, he found an addition to his family. The stork paid his home a visit and left a little daughter.

Col. "Milt" Shumway, of Seventh street, is grandpa!

Col. Milt reached that distinction Saturday, when that fine little baby girl came to the home of Dr. Herbert and Mrs. Louise Rice Shumway, at Columbus, a young couple who have hosts of friends here and in the county. As for Col. "Milt," he vies with Grandpa Charles Rice as to which is the happiest man in town.

Sunday calls of the stork included a visit to the home of Mr. and Mrs. Paul Heston, New Boston, where a daughter was born.

Miss Alice Selby, of Haverhill, daughter of Mr. and Mrs. Samuel Selby, prominent farmers of the French Grant region, who has been ill for many years, is very critically ill, and is not expected to recover.

Dear Miss Wise:—I have been a widow for several months. I had **a** dream last night that I took my husband from the grave and that **he** was still alive and talked to to me but was still very weak. **He said** that he would be with me **this** winter and then would leave **me** again and at the end of my **dream** he turned out to be my **brother**. Now, please tell me if **there** is any thing in dreams for **it** seems so real. I feel like I **ought** to go and see if it isn't real. **I am** almost worried to death **about** this. Please tell me what **to do**.

A MOURNER.

I certainly do not believe in **dreams**. Last night I dreamed **there** was a wire stretched across **the** Atlantic ocean from New York **to** London, England, and I rode a **motorcycle** across the ocean on **that** wire. Can you beat it? Believe me I never want that dream **to** come true. Would advise you **to forget** about the dream you had **and** all other dreams you may have in the future, if you want to be **happy**.

Dear Miss Wise:—I am a young **man**, seventeen years of age and **have** been keeping company with **a** young lady the same age for the **past** few months. I am a pretty **kid** and am an awful cute kid and **so is** she a cute kid. I love her **very** much and she is just dead in **love** with me and I am thinking **about** making her my wife soon. But now, Miss Wise she does one thing I do object to. She has a pet dog and she hugs and kisses **it** all day long and will kiss it **and** turn right in and kiss me **without even** washing her lips **first**. Now don't you think she **ought** to quit kissing that old dog **and** just kiss me. Do you think when we are married she will still **want to** make over dogs? She says she can cook and can play **the** piano. I have heard her play but she doesn't play very well. Friends tell me she never cooked any in her life that she is just telling me that. Her mother thinks a great deal of me. She has asked me to call twice a day on her daughter. Now Miss Wise I can't very well call on her twice a day for I work every day in the factory and I think in the evening is often enough, don't you? You have been so kind to help others in their predicaments. Won't you please help me?

PAUL.

You should worry and raise a howl, Paul, if you haven't any other rival but a poor little doggie. Don't be selfish, you ought to be satisfied with every other smack. I can't tell from here whether or not she will make you a good wife, but I'll venture to say she will act just the same after you are married as she does now. Getting married does not change one's habits. As to cooking, I suppose she can cook mush, and that's probably what you have been raised on, you are so "mushy."

Dear Dolly:—When a fellow comes to call on a girl should she take his hat and take it to another room or should she lay it in the parlor, as we have no hall or reception room in our house. When a fellow brings a girl a box of candy should she open it in his presence or lay it away. Now Dolly don't think I am foolish for these are two things I would like to know.

FRECKLES.

Lay his hat on the piano. However if you want him to stay a long while you might hide it in another room. Open the candy and let him eat the cherries off it.

Miss Dolly Wise:—What do you think of a girl who engages herself to be married to a young man and then runs away with another and gets married. Is there any excuse for her at all? She is not happy now. She says she loves me better than anyone on earth but does not know what prompted her to do what she did. But of course it is too late now. She is lost to me forever.

Y. M. C. A.

It's a good thing for the young man that she ran away before he married her I think. If you are the young man you ought to be thankful that you did not marry such a girl, and I would advise you to keep away from her now even if she is unhappy. That's not your fault. She has no one to blame but herself.

Dear Miss Wise:—Can I buy an Overland automobile on the installment plan?

AUTO LOVER.

You might be able to, but if you haven't enough money to pay for a machine I would advise you not to buy one. However, if you want one you might inquire of one of the auto dealers in the city. He may be able to get a second-hand one for you.

Dear Miss Wise:—What do girls call young men fellows for?

YOUNG MAN.

Because they are "fellows" I guess. The dictionary says a fellow is a comrade, and young men are often comrades, are they not?

Dear Miss Wise:—Where is the best place to go to hunt bears and wild animals?

C. L. V.

Write to Teddy Roosevelt. He knows.

Dear Miss Wise:—What was your grandfather's name and in what state was he born?

NOSY MAN.

I don't think it is necessary for you to know my grandfather's name or where he came from. I think it would do you more good to "know" your spelling book.

Dear Miss Wise:—There is a fireman working in the B. & O. yards and he is very pretty and he speaks to me, but I don't talk to him because he may be married and I don't want any other woman's man. Please advise me.

L. F. P.

P. S.—If there is any good young working fellow that wants a wife tell him to answer to L. F. P. A good looking man preferred. I have been married and have a baby 8 months old, and my husband is dead and he has been over a year.

It's up to the pretty B. & O. man to tell you whether or not he is married, for I don't know.

Dear Miss Wise:—Would you please give me a good definition of the word "Catholic." The word is used in the creed of our church but I do not belong to the Catholic church. Please print in Monday's Times. Thanking you in advance.

INQUISITIVE.

The word "Catholic" means universal, all comprehensive, all pervading. In general usage it means the religious body of which the Pope of Rome is the head and, which designates itself at the church universal, teaching all truth to all men and all nations for all time.

DAINTY LACE EVENING CAPS.

Lace caps for evening wear are a new and pretty conceit of fashion. They will be hailed with delight by the woman who likes to frame her face in a soft frill of lace, and the devotees of the boudoir bonnet will also take to the new fashion. Three of the prettiest new caps designed for evening wear are shown above.

The cap shown at the top of the picture is particularly attractive, fine shadow lace being used for its development. A deep frill of the lace edges the cap. A huge bow of soft satin is the distinctive feature of the second.

By their constant use of it millions of women testify to the value of

"The Recall"

You hear a lot about the recall nowadays. Now it is one bad politician gets it, now it is another. The people demand that a man make good these days. If he doesn't, if he goes back on them, they recall him.

It wasn't always that way.

After election a man was elected and you couldn't pry him out with a crowbar.

Business was like that, too.

A sale was a sale and there wasn't much comeback.

But now we have the recall. If a food or a drug or a commodity of another kind is crooked it goes out of the market. If the government doesn't recall it the customer does.

Things have got to be up to the label nowadays or they have to go. The fake goods are dropping out fast. The old reliables are stronger than ever.

The shoes Baker sells have been the standard for years. They have never been recalled. The trade believes in them for they have constantly made good and they are all the name implies. Better come in and prove it.

FAIL TO LOCATE ELOPING COUPLE

Though a mesh in the net was spread semi-circularly through the northern part of the state James Turner, colored, and the white girl, who are supposed to have eloped, have escaped and thus far neither of the couple has been apprehended. Telegrams to Detrit, Cleveland and Toledo failed to ferret out their whereabouts.

At her home the mother of the girl is heart-broken. She stoutly denies that her daughter could possibly be guilty of any such rash actions.

"Why she had a home and everything she wished. She seemed happy and I di dnot even suspect that she was keeping company with him."

Turner is a young colored fellow who formerly worked at a local clothing store and later turned chauffeur. He is supposed to have left the city prior to the departure of the girl. So the story goes, they met in Columbus. The girl was employed in a local shoe factory but resigned Wednesday. She left that afternoon without bidding her mother good bye.

According to a statement issued at the probate court there are other parties connected with the episode which is likely to bring further developments and complications to the case.

HALL CASE PUT OFF

An effort to have the case of Wilbern Hall, charged with manslaughter, continued until the first of October, was successful on the part of Theo. K. Funk, his counsel, Monday afternoon. Hall came down from Ironton because the expiration of his bond of $500 occurred Monday. Judge J. S. Thomas agreed to continue his bond.

Since his release from the arrest, growing out of the killing of Robert Brown, some months ago, Hall has ben in Ironton, where he has not ben enjoying the best of health. His jail confinement prior to the release seems to have undermined his health.

OBITUARY

Albert Burnshine.

After an illness covering a period of almost a year, death Monday afternoon claimed Albert Burnshine, son of Mrs. Elizabeth Burnshine, widow of the late David Burnshine. His death took place at the family residence, 1426 Findlay street.

Mr. Burnshine was afflicted with what is known in medical circles as "watterlogg" his blood turning to water. He had been hopelessly ill for many weks. Mr. Burnshine was about 40 years old and prior to engaging in the saloon business at Fourteenth and Chillicothe s treets he was for many years employed by the Selby Shoe Company. He was active in Eagle circles and was a splendid young man. Funeral arrangements will be announced later.

Mrs. Isaac D. O'Neill

The St. John's Parish at Olympia, Wash., contains an account of the death there July 20th., of Mrs. Ida Wood O'Neill, wife of Isaac D. O'Neill, both former residents of this city. The following is an extract of the article:

Perhaps the going of no one woman in Olympia would have been so widely regretted, yet no one, knowing her condition and the sufferings and struggle that life meant for her, would have had that going delayed.

It is given to a few people to so universally make friends wherever they go, as did Mrs. O'Neill. In Port Townsend the whole town came out to express their grief and to do her honor. At the Church of the Holy Communion in Tacoma she holds a place in the herts of the people such as no other woman has ever been able to win. In Olympia her friends who valued her were as many as her acquaintances.

While she was able she labored ceaselessly and wisely for St. John's church. Under no condition did her loyalty and faithfulness ever wane, and that because she worked for her Master and His church, and not for herself. Mrs. O'Neill throughout her life was a simple, sincere and faithful Christian, and by her faith she developed a singularly beautiful character, notably marked by loyalty and kindness and love. The influence of such a life is not soon forgotten, nor can it be lost.

In your hand you hold a five-cent piece.

Right at the grocer's hand is a moisture-proof package of Uneeda Biscuit. He hands you the package—you hand him the coin. A trifling transaction?

No! A remarkable one—for you have spent the smallest sum that will buy a package of good food; and the grocer has sold you the most nutritious food made from flour—as clean and crisp and delicious as it was when it came from the oven.

OBITUARY

Peter Schwaab Dead

Hamilton, O., Sept. 15—Peter Schwaab, for years head of the Cincinnati Brewing Company of Hamilton, and wheel horse of the Democracy in Butler county, and state of Ohio, died here at 11 o'clock last night.

Death was due to indigestion. He was a man of great force of character, and was widely known and respected.

Julia Glennett Stone

Julia Glennett, aged 22 months, the bright and sweet little daughter of Mr. and Mrs. Luther Stone, of the Hotel Portsmouth, died Sunday night at 11:30.

The child's death was due to bronchial pneumonia and complications which she developed recently after an eight weeks' siege of whooping cough. She was taken ill while with her parents at Rio Grande, O., where Mr. Stone has been studying for the ministry. Several physicians attended her there and heroic measures were resorted to to save her life but in vain. The sympathy of their many friends goes out to the grief stricken young parents in the loss of their only child. She was a grand child of the late E. A. Hodge, who died just a year ago and niece of Miss Ada Hodge, who passed away three months ago. The funeral will take place Tuesday afternoon. Rev. T. H. McAfee will officiate. Burial will take place in Greenlawn cemetery.

Sarah Salyer

Complications of measles and whooping cough caused the death of Sarah Salyer, a four year old daughter of Mr. and Mrs. William Salyer of Dogwood Ridge, Sunday afternoon. Three weeks ago their baby died of the same affliction.

One son, aged seven years, survives. The remains were interred Monday afternoon in Wheelersburg with Frank McCurdy in charge of the services.

William Harper.

William Harper, aged 21 years, an N. & W. terminal employe and son of William Harper, Sr., a Carter county, Ky., farmer, died at his home in Riverview early Monday morning following a four week's siege of typhoid fever.

The young man is survived by his wife, Mrs. Amanda E. Bingham-Harper who he married January 1, 1913. The remains will be taken to Pine Springs, Carter county, Tuesday for burial.

Mrs. William E. Miller

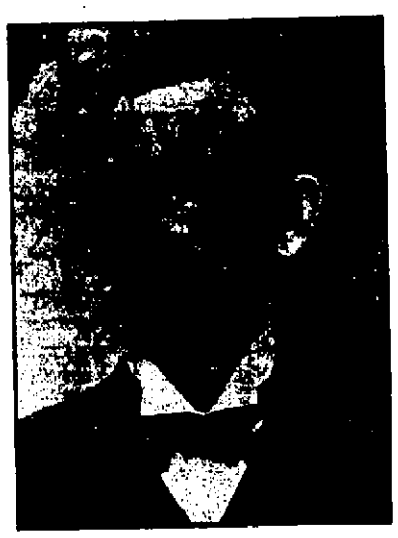

Sorrow has entered the life of Chris Gremme, a prominent resident of the West Side, and the sympathy of friends is extended to him in time of trouble. Besides lying at the point of death, he has received the news of the death of a beloved sister, Mrs. William E. Miller, of Chillicothe, Ohio, who passed away Saturday morning. She was sixty years of age and is survived by two sons, Charles, a miller, and George, an employe of the rubber works in Chillicothe.

Just one week ago Monday afternoon Mrs. Miller was preceded to the great beyond by her husband, who lived to attain the ripe old age of eighty-one years. Mrs. Miller was buried Monday afternoon, but owing to his own critical condition, Mr. Gremme was unable to attend the funeral.

Very little hope is held out for the local resident. He has been gradually declining for some time and is at death's door.

Mr. and Mrs. Louis Hurth of Gay street, are home from a visit of several days in Cincinnati.

Unless he receives encouragement from the consultation he will return to Portsmouth. His condition is anything but encouraging to relatives.

Ed Leichner, who suffered a slight stroke of paralysis Saturday, was resting easily Monday. He is a pretty sick man and his friends are somewhat alarmed over his sudden indisposition. Mr. Leichner has not been feeling well since he was seized with an attack of acute indigestion while at the Don't Worry Club's camp near Clifford.

Hungarian Wedding To Take Place Here

What will be the first marriage ceremony ever performed in Portsmouth by a Hungarian priest, will take place at St. Mary's church Tuesday morning, at 8 o'clock.

Ivan Jurcic, a laboror employed at the Portsmouth Steel plant, and Catherine Jurcic, who came recently from their native country, Croatia, one of the crown lands of the Austrian Empire, to join her lover, will be married. Rev. Father Mixmillian Pivetz, pastor of the Hungarian church in South Columbus, will perform the ceremony.

The couple, it will be noticed, have the same surname. According to an interpreter, the name Jurcic is that of a town in Crontia, in which both lived. It seems that they take only their Christian names and then adopt the name of their native place as a surname. The Croatians are principally Roman Catholics. In 1848 the hatred of this sturdy mountain people against the Magyars made them one of the principal instruments of the Austrian government in crushing the Hungarian revolution.

Rumors Of Death Were Exaggerated

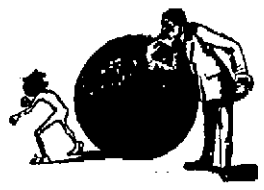

The following from the Ironton Register will be of interest here as Prof. Mitchell was formerly director of the Second Presbyterian church choir in this city:

"But very few people in this world have even had the gruesome pleasure of reading their own obituary notices, and none of us are over anxious for the experience, yet Prof. R. E. Mitchell, well known director and vocalist of this city, has had the unusual experience of being reported dead on several different occasions. Just how these reports start is not known, but a man of Mr. Mitchell's prominence and popularity is not long in hearing the report after it has once been set under way. Several months ago The Register was asked by New Philadelphia parties to give some particulars of Mr. Mitchell's death which was reported to have occurred here. Of course there were no particulars for the genial Mitchell was fully alive and awake. Now comes another report, one which is likely the result of the first, but it comes from Cleveland. This morning Mrs. Mitchell received a night letter from the Choral Society of Cleveland, which was organized there by Mr. Mitchell, during an evangelistic campaign conducted by Rev. Lyon, offering her sincere sympathy and condolence upon the loss of her husband. Mrs. Mitchell, of course was perturbed for the moment, but knowing that Mr. Mitchell is still in the land of the living she has treated the message in the light of a joke, though it be a little gruesome.

Mr. Mitchell left Ironton Friday morning for Carnegie, Pa., to resume his work with Rev. Lyon."

Boils Are a Bad Indication

Dangerous Fallacy that they are Healthy—Stop them.

The appearance of boils leads many people to consider them a sign of robust constitution. They are more apt to signify a condition of sick blood, sluggish circulation and a morbid condition of the body. Use S. S. S. for the blood.

It has the peculiar action of soaking through the intestines directly into the blood. It is natural to the influences to all work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every irritating, every pain-inflicting atom of poison; it dislodges by irrigation all accumulations in the joints, causes acid accretions to dissolve, renders them neutral and scatters those peculiar formations in the skin that cause boils and other skin eruptions.

And best of all, this remarkable remedy is welcome to the weakest stomach. You can get S. S. S. at any drug store. Beware of any effort to sell you something claimed to be "just as good." If yours is a peculiar case and you desire expert advice, write to the Swift Specific Co., 135 Swift Bldg., Atlanta, Ga.

Stern Mother Has Nipped the Romance

Cincinnati, O., Sept. 15—A stern mother, untouched by the melting love sonnets passing between her daughter, Miss Ona C. Waters, aged 35, and Captain Daniel A. Murphy, aged 71, appeared on the horizon yesterday to cast the first shadow on the budding romance of the Civil War veteran and the Nashville (Tenn.) maiden "who plays the harp, tames wild horses, raises chickens and paints portraits"—according to her lover's description. Plunged into despair when he learned of the unrelenting parent's objection, Captain Murphy resolved yesterday, with an officer's quick decision, to immediately leave for Nashville to win the mother's consent. The story in the Enquirer started the trouble, the Captain declared. He was busy packing last night when seen in his room in the Palace hotel, preparing for his trip Sunday morning, at 11 o'clock over the Louisville and Nashville. His snowy beard and locks of the precious day were a rich chestnut color.

This is the telegram that started the Captain's heart agoing pit-a-pat:

"Captain Daniel A. Murphy, Hotel Palace, Cincinnati: Will meet you at train Sunday morning in conveyance. Will wear black and white hat. Ona C. Waters."

"She'll have to wear the black and white hat so I'll recognize her, you see," explained the warrior and author.

"When Mrs. Waters learned yesterday that we were to be married next Wednesday she put her foot down right then," continued Captain Waters, "for the old lady is 89 years old and naturally dreads the idea of losing her child. But we're going to be married. Maybe the date will be changed, though." And here he sighed deeply.

"At first I thought of being on hand an hour before the ceremony, Wednesday, so's to get acquainted," he resumed, "but now I'll probably have to stay in Tonnessee until her mother understands me better. I might, for instance, rent a room in the home of Mrs. Waters, at Lebanon, a short distance from Nashville. You know Miss Water's father died three months ago. I was to take his place at the fireside this Christmas. I might move into the house, say December 7, staying until March 7. Ah, that girl is the bravest woman in the world!"

Captain Murphy toyed with a plain band ring as he spoke—one of the old-fashioned stock wedding rings.

"Miss Waters sent me her measurement for the ring twice, fearing that the one might go astray," said the wooer of 71 years.

He is an adept with the lip language, which he acquired after he lost his hearing in a battle of '61.

"But, Captain," he was asked, "suppose the mother will not give her consent?"

"Well, then," came out resolutely, "Mrs. Waters has another daughter younger than Miss Ona, and I'll—say, young man, the mother will consent!"

Mrs. Fussy—"Just look at those children playing out in the garden! They'll get all dirty, and then I'll have to scrub and rub to get their clothes clean."

Anty Drudge—"Oh, let them play and enjoy themselves. They're only children once, and you won't have to rub hard or bell at all if you use Fels-Naptha Soap."

Stop worrying about the work. There's an easy, pleasant way to do your work, and it's as quick as it is easy. Use Fels-Naptha Soap. It works best in cool or lukewarm water, saving the trouble of keeping up a hot fire to heat your water. It dissolves grease and takes out all kinds of stains.

For the weekly wash, for all kinds of housework, Fels-Naptha Soap is the best friend and help that a woman can have.

Follow the directions on the Red and Green Wrapper. Better buy Fels-Naptha by the carton or box.

Release Women

Mrs. Eliza Smith, the Sioux, Ky., woman who with her young niece was arrested for shoplifting, Saturday, was dismissed from police custody Saturday night. James A. Maxwell, of Second street, came to their rescue by providing them with enough money to pay for all of the articles they were accused of stealing at Lehman Bros.' and Marting's stores. The merchants felt that the publicity given their arrest was sufficient punishment for the woman and child and did not wish to further prosecute them. According to Mr. Maxwell, Mrs. Smith and family are well-to-do, and he told the police that she could call on him for any amount needed.

Socialist Speeches

Gratifying attendance and enthusiasm greeted the Socialist speakers at Tracy park Sunday afternoon, despite the chilliness that ringed the weather. E. D. Arrangements have been made for street addresses all this week. H. L. Griffith, a prominent Socialist of Springfield, Ohio, will be here all this week to make talks.

One gun in the campaign will be fired at the corner of Eleventh and Walker streets tonight.

"Clincher" Paint

We know a paint which holds to the wood like a driven nail. Seasoned lumber is porous. The pores are the empty supcells. White lead paint, which dries on the wood in the form of a solid, elastic film, fastens into these pores, and the whole coat of paint is actually riveted like armorplate to the surface it decorates and protects.

EVENING TIMES SPORTS

Steel Plant Team Beaten By Scrubs

(Contributed.)

The Portsmouth Steel Plant baseball team is likely to disband now that they have no uniforms and loss of a reputation. They were humiliated beyond measure, Sunday, when before a large crowd of fans at Millbrook Park they were lammed and jammed by the score of 4 to 5 by a "scrub" team picked up throughout the mill by players who had not seen a ball since '61.

For some time many of the fans in the mill have been claiming that scrub bunch could be gathered together that would give the regulars a run for their money. The regulars laughed at the claim and offered to bet their uniforms and all the gate receipts that the scrubs would be so badly defeated they would never be recognized by their grandmothers. Well the game was played Sunday and for seven innings the regulars toyed with the scrubs. The score at that time was 4 to 0, and the scrubs looked to be in for a whitewash. But in the eighth frame, with three men on the sacks, "Shorty" Schultz, who twirled for the Scrubs, caught one of Samson's fast ones on the trade mark and sent it to the flag pole for a three sacker. He emptied the sacks and scored a minute later himself in the ninth the Scrubs shoved over the necessary run, giving them the uniforms and gate receipts. It is said that several of the Regulars will refuse to hand over the uniforms, claiming that they were beaten by a fluke. Be that as it may the Scrubs whipped them and expect to secure all the uniforms. They pocketed the gate receipts and are walking about the mill with their chests out and heads up. The Regulars are moping around with as much ambition as so many chickens with the cholera and have just about as much to say. "Shorty" Schultz is the hero of the hour and is wearing his well earned honors with becoming dignity. "Buck" Yeager played short for the Scrubs and he put up a rattling good game.

The Regulars claim that an injury that befel their right fielder, Mr. McCall, Saturday, caused the defeat. McCall was practicing with the Champs and allowed a fly ball to hit him in the eye, putting his lamp on the blink, and affecting his judgment on fly balls. He was pretty gunshy during Sunday's game.

Nick As Manager

Huntington, Sept. 15.—"Nick" Francisco appeared here for the first time as manager of the Hamilton club, having replaced "Zeke" Wrigley, when that husky diamond warrior was permitted to withdraw from the Ham organization after a heated discussion a week ago. Francisco put up his usual good game behind the bat and so far as was apparent to those up the three has his team working well for him. Francisco's broken leg has almost completely healed and although he appears to be bothered some through fear that the already damaged limb will suffer another injury, his speed remained unhampered.

Fans in the grandstand were rather discourteous, to put it mildly, in remarks hurled at the new manager and Francisco evidently resented it. His replies, to peak in mild terms again, were hardly of a cultured tone and he was politely but firmly directed to apply his entire attention to the game and confine his remarks to his players and not to the fans.

Scheme Exposed

New Orleans, La., Sept. 15.—Charges that a country-wide scheme to swindle baseball fans on the result of the world's series by means of tapped wires was made to the police by Seada T. Connelle, an accountant of Oklahoma City, who exposed the alleged swindle after he had been fleeced on some of the usual league contests.

Connelle asserts he was let in on the ground floor of a wire tapping swindle at a local billiard hall, which is a branch of similar places in every city of importance in the country. Those let in on the deal were to know the result of each play two minutes before the general public.

To Manage Team

Two more players who helped the Cubs win pennants in other years will likely be managers next season—Jimmy Sheckard and Artie Hofman. Several minor league clubs are after Sheckard for manager, and Hofman has been offered a club in the Southern League. He played with Nashville this season.

Sheckard is one of the wisest players in the business. President Herrmann and Manager Tinker will not stand in Sheck's way if he gets a proposition he likes, but expect to get something pretty good if he is let go, for he should prove a valuable leader.

Three other ex Cubs are managers—Tinker, Chance and Evers.

JACKSON TO MAKE TRIP

Philadelphia, September 15.—Joe Birmingham's Naps may not get into a world's series this year, but at least three of the members of the touring Clevelanders will have cause to rejoice over the compliment which has been paid to them by no less an astute person than John McGraw, the manager of the Giants.

For the latter has invited Steve O'Neill, Ray Chapman and Joe Jackson to make the proposed world tour of the New York Nationals and the Chicago White Sox, and Manager McGraw has also invited the Sixth City trio to take this jaunt as members o fthe pre-season and touring Giants.

Chapman already has accepted, but Steve and Joe have held the offer in abeyance. There seems to be little doubt, however, that the Dixie grandee and the clever Nap backstop will go on the globe trotting expedition with their shortstopping colleague.

In the case of O'Neill a rather neat compliment has been paid to the hard-hitting young backstop. Chief Meyers, the Indian catcher of the Giants, has declared to his manager that he doesn't feel like taking the trip. So McGraw wrote to O'Neill and asked him to take the place of the big Indian.

WHAT EX-REDS DID

Oddly enough, the men who used to belong to the Reds, but got away have now pitched exactly enough games to make up a big league season. This is how they stand:

Pitchers.	W.	L.
Ragon, Brooklyn	17	31
Cheney, Chicago	21	12
Humphries, Chicago	15	3
Fromme, New York	9	8
Vaughn, Chicago	3	0
Brennan, Philadelphia	13	10
O'Toole, Pittsburgh	6	7
Overall, Chicago	5	1
McQuillan, Pittsburg	8	1
Total	92	62

Oh, well, what's the use?

Remarkable Games

Some remarkable games were played in the classy little Ohio State league Saturday.

There were two 1 to 0 games and one fourteen inning struggle and one fifteen inning battle between Charleston and Chillicothe. The Senators drew closer to the Babes hen they rushed two runs across the plate in the fifteenth. Although Hamilton made but four hits in fourteen innings off Mamaux of Huntington Saturday the Hams won the extra inning affair by the smallest possible score. Then Ironton beat Maysville two games, 1 to 0 and 2 to 0. It was a good day for brilliantly played games all round and gave ample testimony of the class of base ball played in Mr. [illegible] league [illegible].

Working For Uncle Sam

Babe Rice, who was with Chillicothe several years ago just long enough to tell Man from Front street and get the address of the white aproned geek who sold you the big one "just around the corner," is now working for Uncle Sam. He is on the battleship New Hampshire.

RICKEY TO GET BONUS

St. Louis, Sept. 15.—Branch Rickey, successor to George Stovall, as manager of the Browns, will take charge Tuesday.

President Hedges refused to make public the terms of the contract signed by Rickey, but it is understood it carries a bonus, conditioned on Rickey piloting the Browns to the leadership of the second division or better.

COBB LEADS JACKSON

Three points.

That is how much Ty Cobb is swatting the pill better than his nearest rival, little, feet-footed Joe Jackson, he of the sunny south. The latest figures show Cobb to be hitting at a .378 clip and Jackson at a .375 pace. The entire Cleveland club has slumped woefully at the bat and Jackson has demonstrated that even a mighty hitter like him can also go hitless for a few days. Had the Naps hit any in the past two weeks they could now be in the Naps summer kitchen on their way to the parlor to grab little Miss Pennant.

TO EMBRACE EIGHT CLUBS

St. Louis, September 15.—Buffalo and Baltimore will enter the Federal League when the second campaign is opened next spring. This was announced by local magnates, who declared the two cities had applied for franchises, posted the required guarantee bonds, and would submit strong teams.

No other cities are likely to populate the third league world, it being the desired to hold the circuit to an eight-club organization. According to local directors, Detroit, Brooklyn and New York applied for admission, but were turned back.

MAY TRAIN IN FLORIDA

St. Petersburg, Fla., appears to be the chosen spot for the 1914 training season of the Reds. At least, such is the present general impression, and Joe Tinker believes that the Florida town will be the place. Several other Florida cities have bespoken the honor, with Miami ranking pretty close up, but St. Petersburg now seems to have the choice. It is right across the bay from Tampa, and is said to have ideal conditions in every possible detail.

NEAR THE END OF HIS JOURNEY

Al Bridwell Is Real Come Back

Al Bridwell's latest batting average is .258 in 123 games. All will have to hurry if he is going to make his ante-season promise good of hitting better than .280 this year. He certainly has been a great help to the Cubs and will be the team's regular shortstop again next year.

How often have you heard some wise fan gargle this one? "Whenever Muggsy McGraw turns a man loose or uses him in a trade he is through. He's all in."

Well, even Muggsy can be wrong you know. Hardly possible, but probable as is strikingly shown in the case of Al Bridwell.

Because Brid slowed up temporarily, his slackening up being attributed to a pair of bad legs, but the fans yelped that Al was ready for the base ball scrap heap. His lustre had been dimmed. He was no longer the Bridwell of old flashy, brilliant and spectacular. He was not as agile as he once as. Neither could he skip over as much ground. But Al never worried. He knew what absolute rest would do for him. Rest to his weary, strained legs was what a carbureter is to an automobile, a valve is to a boiler and a long willowy plume to a chicken.

Well, Al has come back and his friends are going to see him perform with a big league team just one week from tomorrow when the Chicago Cubs stop off here for a game. And Bridwell and the rest o fthe Everized Cublets are sure to receive nothing short of an ovation.

HERE IS VERY REASON

It remained for a Cleveland writer to dig up the alibi. He should be dubbed Alibi Bill. He has found out just why the Athletics are ahead of the Naps.

By searching through the musty past digging into the cobwebbed archives he has come to the simple conclusion that the Athletics are out in front ready to embrace the pennant with the fervency that the youth of the soil does after he has taken his rosy cheeked, starchy girl home from the circus. The Athletics are leading because they have beaten the Red Sox, last year's champions a big majority of the games they have played.

Isn't that wonderfully cunning on the part of the Cleveland scribe? Isn't he just the information seeking youth? But he didn't go far enough. Oh dear no.

He might have said that the Athletics are the pace setters because they have beaten al lthe clubs. No team ever copped by mangling just one team.

Of course it helps to have a club's goat, but a pennant winning team must almost have enough goats to stock a farm by the time they have the silky pennant caresses their beaming brows with tenderness that a mother implants a kiss upon little Willie's furrowless brow. Ice water in 23.

Huntington Won Sunday's Game

Huntington, W. Va., September 15.—The Huntington Blue Sox found two Portsmouth twirlers easy Sunday and had little trouble defeating the visitors, 10 to 4. Reynolds for Portsmouth was pounded hard in the fourth and was relieved by Becknell, who fared worse than his predecessor. The score:

SPIDERS ARE VICTORS

The Spiders defeated the Shamrocks in one of the most exciting games ever seen on a local lot, Sunday afternoon at Willow Park, by the close score of 3 to 2. The crowd was the biggest and noisest that has attended an amateur game for several years. There was people out that never saw a ball game before, and all went away well satisfied they had their money's worth. As there is much rivalry between the two teams they will likely meet again before the season closes. Batteries for Spiders, Grice and Brennen; for Shamrocks, Dunham and Hubert. Umpire, Gansley.

FLAT HOLLOW BEAT VICTORS

The Victors of this city dropped a hard fought game to the Flat Hollow, Ky., team on the latter's grounds Sunday, the score being 8 to 5. A splendid crowd was out and the game was mighty exciting and was not decided until the last man was out. This is the third game out of 21 that the Victors have lost this season.

What made the Flat Hollow team appears like pikers as the fact that they failed to live up to their advance promises. They had promised the Portsmouth boys a big chicken dinner, but they made no attempt to fulfill their promise. Consequently Flat Hollow will be without any baseball games in which Portsmouth teams are participants in the future. The Victors went to the grounds with empty stomachs, expecting to devour a big feed, but were laughed at and told to play ball an dthen eat. When the game ended the Kentuckians beat it for their respective farms and gave the Victors the merry ha ha so far as the eatings are concerned.

Fans Are Hopeful

The wasted and withered pennant hopes of the Cleveland Naps have been revived—sad revivals—due to a well deserved victory the Cleveland club earned over the Athletics Saturday. Up in the Forest City they are again using their pencils to figure how many the Naps will have to win and the Athletics lose for the Cleveland club to saunter home in front. Just stand as much chance as selling heavy ulsters in the tropics.

Even Up In Games With Peebles Team

It was give and take Saturday at Peebles, Ohio, when the River Citys and the Peebles team clashed on the diamond. The River Citys won the first game, an eleven inning dispute, by piling up four runs in the last frame. They were just like the old woman who had to have the last word. Peebles didn't have a ghost of a show in their half.

They came back, however, in the second contest and won 5 to 3. In the first game Horr and Brown performed for the locals, while Butler and Ewich did the heavy work for Peebles.

Saturday's scores:
Trinity, 5; West End, 4 (16 innigs).
Hill Tops, 1; Baptists, 3.
East End, 9; Bigelow, 2.

The East West End, Bigelow and Baptist teams of the Boy Scout league played their last games for the 1913 season on last Saturday. There is only one more scheduled game for the season, and that is next Saturday when the Hill Tops and Trinity play their last game, maybe. If the Hill Tops win they tie with Trinity, so an extra game will have to be played between these two teams to decide which shall receive the pennant.

It is a great race, and attracting much attention by local fans, which is evidenced by the large crowds present on Saturday. The Bigelow, East and West End teams closed the season in a tie for third place. Arrangements are being made to play off the tie between the East and West End teams.

Below are Saturday's scores in full:

Scouts Battle 16 Innings.

The Trinity Cubs and the West Enders battled for 16 innings in the greatest game of the season. It was a fitting climax for the West Enders who closed the season in this game. Every one present knew there would be some scrap when they saw Babe Ledwick warming up for the West Enders and Bud Smith for the Trinities. Trinity got an early lead by scoring 2 in the second round, and the score remained 2 to 0 till the seventh when the doughty West Enders bunched hits and put 3 across the pan. W. Monk's drive for 3 bases in this round was one of the prettiest hits made at York Park this season. The Trinity boys were not discouraged by this little batting rally, and in their half of the seventh they scored two more, making the score 4 to 3 in their favor. This was how the game stood in the ninth, but the "Doughboys" were decided to give the fans a little excitement before the game had ended, so they scored another run on a single and passed ball, tieing the score. In the tenth round Ledwick and Smith of seeded had just begun to pitch, and from that inning until the fifth it was a pitcher's duel between these two famous twirlers. Trinity finally winning in the 16th when Byron singled, Bertram sacrificed and Zuhars driving one to deep left, scoring Byron. The score:

East Enders Win Easily.

The Bigelow-East End contest at Bayonor Park Saturday was a rather one-sided contest. Baker was hit hard by the East Enders, which consisted mostly of recruits from the Peerless league, three of them, Edwards, Sprague and H. DON'T WORRY TEAM WON

The Camp Don't Worry club defeated the Clifford team by a score of 8 to 1 Sunday. The phenomenal work of Cap Doerr, pitcher for the Don't Worrys, was the chief feature of the game, he holding the opposing team to 2 hits and striking out seven batsmen. Dud Artis also cavorted around the third cushion in sensational style. Manager Joe Kountz, in order to save Cap's arm, and because of threatening weather had the game called in the seventh inning. The Lucasville team will oppose the Don't Worrys next Sunday.

Boy Must Behave

Y. W. C. A. CAMPFIRE THOROUGHLY ENJOYED

Twelve girls of the Y. W. C. A. were iniated into the National organization of the Camp Fire on Saturday afternoon. The girls left the Association at 4:30 and went to Timmonds Hill. A huge bon-fire was made and an out-door supper, consisting of coffee, roasted corn, weiners and rolls was cooked by four of the girls. It is one of the requirementsthat each girl shall prepare, cook and serve with the other members two suppers for the camp fire meetings.

After supper, Miss Woodford as guardian of the camp by appointment of the National Board, took her place by the fire. She was dressed in the conventional costume, a loose dress of brown khaki trimmed with fringe. By the sign of the fire she summoned the girls one by one and silently they took their places in the circle around the fire. The song "Wo-He-Lo" which means work, health and love were sung and then each girl took the Camp Fire pledge which is:—"Seek beauty, Give service, Pursue knowledge, Be trustworthy, Hold on to health, Glorify work, And be happy."

The view from Timmonds Hill over the city, the moon just rising over the hill and the large bon-fire made the meeting impressive and helped to in making the idea embodied in the Camp Fire more real.

This is the regular Council Fire meeting which is held once a month. At the next meeting the other eight members will be received as only twenty members are allowed in one group. Regular meetings will be held each Saturday the girls making their dresses and head bands. The twelve girls inintated were May Jewel, Ada Kress, Dora Dodds, Inez Mahn, Vivian Jewel, Ora Elmore, Sadie McGovern, Eulah Atkins, Rose Zinicker, Bertha Zinicker, Erma Messer and Jennie Mayhew.

Monday morning she was adjudged insane and Deputy Sheriff Smith and wife took her to Athens. Mrs. Meyers is past 85 years of age and has been mentally unbalanced for some time.

The Prodigal Has Returned

Col. and Mrs. Frank M. Griffin, of Fullerton, have been made happy again by the return of their wandering son. This boy, Fred, is now nineteen years of age and has been on the go almost continuously since he was thirteen, and has seen every country on the globe but Australia.

He spent 1910 in Alaska, getting out of there on the last boat possible that year. This time he hails from the desert town of Imlay, Nevada, where he put in three months as an electrician in the round house of the Southern Pacific Railway.

He says he is going to stay at home this time, but that awful wanderlust is hard to overcome, generally speaking.

The goods offered at this sale are fine goods, and it is a larger proposition than ever attempted by any dealer in a city of this size.

HIGHER WAGES

YOU MAKE, IF YOU INVEST WHAT YOU EARN TO ITS BEST ADVANTAGE!

When Furniture is not bought at right price you are spending your money—bought right you are investing your money. We have a large trade who invest their money in household goods. The purchasing power of big warehouse capacity, the small running cost of a store outside of high rent business district, are factors taken in consideration by many shrewd buyers. A close buyer intends to pay his bills, and this fact combined with heavy buying and low runing expenses, puts us in a position to undersell. We are liberal in extending credit and take pleasure in having people call and investigate our goods, prices and terms even if you are not ready to buy. Our goods are all marked in plain figures. Our prices are the lowest at which goods can be sold. The variety we offer for your inspection is the largest in town.

Father Confesses To Awful Crime

To the probate court of Franklin county, John Williams, a Scioto county man, confessed to his guilt of being responsible for the delicate condition of his daughter, by entering a plea of guilty, to a charge of incest. But the Franklin county court could not punish Williams for his alleged heinous crime because Scioto county holds a claim on him.

The prisoner is in the Scioto county jail awaiting the possible chance of the girl appearing before the local grand jury to tell her story, thus preventing the delay of arraignment in a squire's court.

The daughter, a sixteen year old is being taken care of at a house of refuge in Columbus. To Sheriff John Eckhart and Prosecutor H. L. Small she told enough of her story to convince them that the father is responsible for her condition, so that the parent was brought to this county Saturday evening to face trial.

Williams, since enterin a plea of guilty to the charge in the Columbus court, has refused to talk on the matter.

He is a former Sciotocountian having resided on Wifth street in the rear of the Interstate barns and also on the Hill farm on the West Side. He lived at the latter place over eleven years.

Comb Sage Tea Into Gray Hair

Darkens Beautifully and Restores Its Thickness and Lustre At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge, or soft brush, with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

ALLEGED BOOTLEGGERS HAVE BEEN CAUGHT

Bootlegging on a wholesale scale, which, it is claimed, has been practiced for the past three months, has been broken up, according to New Boston officials, in the arrest of two Hungarians, Meilia Cuili and George Cuili, mother and son.

Their arrest was the culmination of a row at their resort on Rhodes avenue, New Boston, Saturday night, in which seven foreigners, two Hungarians and three Italians were arrested when the raid was made by the New Boston officials.

Fired by the liquor sold to them illegally, the men became boisterous and Mrs. Meilia Cuili, the proprietress of the place, used a hatchet with telling effect on the head of one of the patrons. His head was dented five times by the blunt end of the hatchet, it is claimed.

An entire outfit of booze dispensers was captured by the village officials. Several hundred checks, used in gambling at the place, were also taken in charge by the officials.

Bank books with the names of Milia Pu ... and Milos Clures, 107 Stanton avenue, New Boston, were found on the prisoners, but at the county jail, where they were taken for safe-keeping, they registered as mother and son, Meilia and George Cuili. The other five prisoners were locked up in the village jail.
